LANGUAGES

French — Native
English — TOEIC 805 (C1)

INTERESTS

- **Sport shooting** — French speed champion 2017, vice-champion 2023, multiple team titles.
- **3D printing / CAD** — Plastic & CoCr parts, prototyping, jewelry.
- **Bass guitar** — Self-taught, 2 years.

PROFESSIONAL PROFILE

Engineering apprentice at ISEN, currently at Oxeegen France. Specialized in **Cloud, DevOps, automation & local AI**. I design reliable, secure, maintainable systems — documentation, monitoring, hardening, and operations automation. Dual networks/systems + digital engineering background bridging traditional infra and modern cloud-native practices.

EXPERIENCE

Oxeegen France — Network & Systems Technician (Apprenticeship)

- Vitrolles · Sep 2025 → Present
Industrial fluid systems engineering — pharma, cosmetics & chemical industries.
- Infrastructure MCO, network & systems monitoring, incident response.
 - Automation (Python/Bash), deployment standardization (Ansible).
 - Security: network segmentation, firewall policies, access control hardening.
 - Monitoring dashboards (PRTG, Graylog), runbooks, technical documentation.

Itinsell Cloud — Network & Systems Apprentice

- La Ciotat · Apr 2024 → Sep 2025
Managed hosting & cloud provider — IaaS, private cloud, backup.
- Built internal **web bastion** (Flask, Nginx, OAuth) for centralized infra tool access.
 - Automated VM provisioning on Nutanix AHV (GLPI + Prism API + Ansible).
 - Administered pfSense, Fortinet, AHV/ESX virtualization; S3 storage & backup (HYCU, Veeam).
 - Operated Hostbill, PRTG, GLPI, Graylog, phpIPAM; conducted HDS/ISO 27001 feasibility study.

Starbucks SSP — Barista (Temp.)

- Marseille · 2022 → 2023
- Customer service & food safety compliance in high-volume environment.

Fatec Group — IT Internship

- Marseille · Jul 2019
- Refurbished IT fleet, installed workstations, hardware diagnostics & repairs.

EDUCATION

ISEN Marseille

2025 → 2028
Master-level engineering — Cloud, cybersecurity, distributed systems, software engineering.

INSA Lyon — FIMI

2021 → 2022
Engineering foundation: math, physics, CS, team projects.

AMU — BUT Networks & Telecoms

2022 → 2025
Cybersecurity track, jury commendations. VP Student Council 2023-24.

Bac STI2D (SIN) — High Honors

Lycée St-Louis · 2021
Information systems & digital track.

CERTIFICATIONS

- **Cisco CCNP** — Advanced routing & switching
- **Cisco CyberOps Associate** — SOC, alert analysis
- **AWS Cloud Foundations** — Services, security, architecture
- **Stormshield CSNE** — Firewall expertise
- **Stormshield CSNA** — Network security admin
- **PIX** — Digital skills certification
- **SecNum (ANSSI)** — Cybersecurity awareness
- **BIA** — Aeronautical certificate

KEY PROJECTS

- **Nutanix VM Factory** — Automated VM provisioning: GLPI ticketing, Prism API, Ansible, Flask dashboard.
- **DevOps Web Bastion** — Internal secure portal (Flask + Nginx + OAuth2), SSO, RBAC.
- **Local AI Lab** — Self-hosted: Open WebUI + Ollama, ComfyUI, LM Studio/Vulkan, OpenClaw agents.
- **Administration Squad** — RCON + Discord bot for game server management & real-time moderation.
